Avaya IP Conference Phone B189

HD-quality audio and productivity-enhancing communications features for midsize and large conference rooms

With a sleek, modern design, the Conference Phone B189 looks great in any executive boardroom or large conference room (even auditoriums). With Avaya OmniSound® technology to maintain.

HD-quality sound for everyone on the call, an easy-to-navigate five-inch color touch screen display, and a wealth of built-in time-saving features, the B189 should be your first choice for an executive conference phone.

Capabilities

Now Hear This

Audio quality can often make or break a conference call. Avaya OmniSound® technology helps ensure every participant is heard clearly, with noise suppression filters that virtually eliminate distracting background noise. The conference phone B189 has full duplex communications that prevents audio clipping, enabling 360-degree surround sound pick-up via its two powerful speakers and four built-in microphones.

The conference phone B189 can pick up individual voices within a wide 20-foot radius. Extend that range with available expansion microphones.

Tap for Efficient Conference Calls

The Avaya Conference Phone B189 features a five-inch capacitive touch screen display to make call set-up and management quick and easy. Just tap through colorful and intuitive menus to start a call, add participants, mute, hold, transfer and more. Because the conference phone B189 is

The Conference Phone B189 is the most sophisticated conference phone yet from Avaya, designed specifically for use in Avaya Aura® networks.

designed around the sophisticated Avaya Aura software platform, you can take advantage of any of the great features you already use with your existing Avaya phones.

Simplicity and ease-of-use are two key principles of all Avaya solutions. The Conference Phone B189 is no exception. The Conference Phone B189 is the most sophisticated conference phone yet from Avaya, designed specifically for use in Avaya Aura® networks.

Smart Productivity Features—Built-in

As with the entire B100 Series Conference Phones portfolio, we've instilled the Conference Phone B189 with capabilities above and beyond conference calling. Features that make it easier to create calls and extend what's possible with a conference phone. Access your favorite Avaya Aura® and Communication Manager phone applications. For IT staff used to implementing phones in their Avaya Aura network, installation will be at once familiar and fast.
